Aiden Wood- 2028- 1B/ OF L/R 6'2 208 2nd Team All-Conference .345 avg/.467obp

My name is Aiden Wood. I am a current outfielder but I also play first base as well. I currently attend Beloit College but I want to explore transferring to a new college with a more stable coaching environment and greater academic opportunities.

I have been recently awarded the 2nd Team All-Conference in the Mid-West Conference region batting .345 with an on base percentage of .467. Although my power numbers were down my sophomore year when my hand was fractured at the beginning of the 2026 season, I strive to gain it back over this summer and fall.

I am currently 6'2 208 but I plan on reaching 215 by the end of the summer. I was a freshman starter in the outfield until I tore my groin in the NCAA regional playoffs. I then became the designated hitter much of my sophomore season but also still played outfield. I always strive to win and give it 110% even when I get knocked down by unfortunate injuries.

Academically I have achieved the Academic All-Conference award my freshman year with a weighted GPA of 3.500 and currently I have a 3.13 unweighted after my sophomore year. As a Presidential Scholarship recipient and Dean's list member I take grades very seriously. My current major is Economics/Finance.

Here is a link below to my profile,

Thank you for reviewing my profile and I am looking forward to finding the right place where the environment is positive and the team wants to win.

Either email or text would be the best form of communication for me. If you try to call it might go to spam.

Thank you,
Aiden Wood
